(See specifically Annex C, rules 19 & 20).

Membership Policies:

1. Member shooters must:

a) Have executed a current Range Use Agreement and paid the appropriate membership fee for the current calendar year, and;

b) Conform to all policies described in this Agreement, and obey all Range Use & Firearms

Safety Rules as described in **Annex C & D**, which are attached hereto and incorporated herein by reference for all purposes, and;

c) Before entering the actual firing ranges, sign **Annex E**, the Range Risk Waiver Agreement, which is attached hereto and incorporated herein by reference for all purposes.

2. Membership Renewal

a) Range membership is a privilege and not a right. To retain membership from year to year, members must remain in good standing. Members in good standing are defined as those who consistently follow range rules & regulations and as a result do not require intervention, explanation, mediation, or "maintenance" by range management. Examples evidencing "high maintenance" members include, but are not limited to, disciplinary actions, conflicts with other members, incidents requiring range management intervention, or other such conduct.

2560 FM 972, Georgetown, Texas 78626
www.TexasFiringLine.com

b) All members must renew their membership annually. Renewal notification and packets will be emailed to members in good standing on or about November 15th every year. To renew your membership you must complete & sign a new Risk Liability waiver, a Membership Renewal Form and a copy of the 2020 Range Rules (**Annex C**). Your signature acknowledges that all portions of the 2020 Range Agreement & ALL Annexes have been read & understood. The new forms must be submitted with the annual fee to our office. Members renewing a current membership do not have to satisfy any training requirements.

c) Memberships expire on December 31st of every calendar year. You should plan on submitting your renewal paperwork in November. This will ensure that your renewal is accomplished before the end of the year and that you have the new Range gate code and a current Range Badge. Members who renew before December 31 will not have their use of the Range interrupted. On January 1, members who have not renewed their membership will not be able to open the gate with the old combination and will be denied entry to the Range.

d) If your membership has lapsed for more than 3 months (i.e. not renewed by midnight on March 31st), then you will be considered a new member and must attend a Range Orientation class and execute a Membership Packet before you can access the Range. It will not be considered a renewal. This is important so that you can have a refresher for our range and safety rules.

e) There is no 'penalty' for late membership renewal other than being denied access to the Range until the renewal is turned in. However, WE DO NOT PRORATE DUES FOR LATE RENEWALS. Completion of all renewal requirements will ensure that we always have current contact information for members and that members have the latest rules and policies.
